

**MIDWAY CITY SANITARY DISTRICT  
DIRECTOR**

**JOY L. NEUGEBAUER**

**OCCUPATION:** Board President, Midway City Sanitary District  
Executive Director, Westminster Museum

Occupation: Board President Midway City Sanitary District  
Executive Director Westminster Museum

Please support my efforts to maintain the sewer system and solid waste services provided by the Midway City Sanitary District to the residents of Westminster and Midway City. Sanitary services are vital to our everyday health and welfare. I learned the importance of sound business practices as the 37 year owner Ace Tool Company. MCSD has the lowest service fees in Orange County. Fees have not been raised during my terms of office. MCSD is debt free with sound financial reserves.

**Accomplishments:**

Midway City Sanitary District reduced staff from 55 to 21 employees with no loss in service by going to automated solid waste pickup (annual savings \$1,000,000.00).

All sewer lines (243 miles) have been videotaped and grants totaling over \$2,000,000.00 have been received to improve the sewer and manhole systems.

Geographic Information System established.

School outreach program encourages recycling.

Bulky item pickup available at no charge.

Recycling program established saving taxpayers over \$350,000.00 yearly.

State Mandates met.

During my term of office I always voted keeping you, the taxpayers, in mind. I ask for your vote of confidence so I may continue to represent you.

1-714-893-0134 for more information.

Thank you

Joy
